

QuickFrame

As your partner, QuickFrame is committed to helping your clients continue to quickly and affordably produce original and post-production video during this time of disruption. As advertisers alter their short-term activities, QuickFrame's offering actually enables their video advertising and content strategy to stay on-track. Here's how:

- 1 Live action creators working in unaffected areas
- 2 Animation studios that produce content remotely
- 3 Post-production creators available to repurpose any existing assets
- 4 Video Intelligence technology to ensure clients produce the most effective video

We are offering a 15% discount on all post-production projects through September 2020. Here are just a few examples of videos that can be produced completely remotely:

Videos Under \$1,500

~~\$500~~ **\$425**

Boie Story Ad
